Garnet Publishing Ltd. Paperback. Book Condition: new. BRAND NEW, English for the Energy Industries: Oil, Gas and Petrochemicals: Course Book (Student Manual/Study Guide), Peter Levrai, Fiona McGarry, English for the Energy Industries: Oil, Gas and Petrochemicals English for the Energy Industries is a foundation English course for employees in the oil, gas and petrochemicals industries. It is aimed at pre- and low-intermediate level students who have a basic grasp of English, but who need to use technical and semi-technical vocabulary within specific functional language applicable to the workplace. It provides approximately 140 hours of listening, speaking, reading, writing and language practice activities. English for the Energy Industries focuses on high-frequency lexis and structures used in the work environment, such as the language of safety, instructions, descriptions of equipment, processes and systems. English for the Energy Industries develops the four language skills in English for Specific Purposes (ESP) contexts: *Reading: uses authentic texts that energy industry technicians will use in everyday life, such as instruction manuals. *Speaking and listening: communicative pairwork tasks practise real-life communication situations, such as describing and giving information about equipment and jobs, giving instructions and warnings and discussing workplace problems. *Writing: tasks motivate students by developing knowledge of useful language for different text types, such as accident report forms and written notes and instructions. A comprehensive Glossary provides clear explanations of approximately 160 key terms in common use in the energy industries. Key Features * Essential expressions and language used in the industry * Constant recycling of high-frequency technical terms and vocabulary * Real-life listening and reading texts * A communicative approach to oral accuracy and fluency * Over 140 hours of skills practice activities * A glossary of over 160 key terms View accompanying audio CDs and Teacher's Book.
