

Competency in Healthcare: A Practical Guide to Competency Frameworks

By Bobbee Terrill, Avril Redmond, Les Storey

Taylor Francis Ltd, United Kingdom, 2003. Paperback. Book Condition: New. Revised ed.. 305 x 229 mm. Language: English Brand New Book. This book offers a practical approach to guide nurses in the art and science of renal care. It is holistic as well as technical therapeutic and compassionate in its approach. Acute and chronic renal failure renal osteodystrophy and other selected diseases are comprehensively discussed. The nurse's role with regard to specific treatments such as peritoneal dialysis haemodialysis plasma exchange and haemoperfusion as well as organ transplantation procedures are discussed in detail and a section relating specifically to paediatric care is included. The final section of the book is devoted to the use of complementary therapies and alternative medicine in renal disease. The book lays the foundation on which nurses can build their evidence-based practice and knowledge skills and enhance patient care. The aim of this book is to provide a practical holistic guide for nurses to the skills and knowledge required by them to care for their patients. It covers the renal patients' experiences both physically and psychologically incorporating the dialysis therapies of acute and chronic failure on to renal transplantation. Nursing renal patients within an acute hospital...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Ally Reichel**

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You won't feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
