Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. This book is a manual containing concise rules and explanations for the benefit of these having to make sun prints of the various kinds, and also recipes and instructions as to preparing the various heliographic papers. To architects, engineers, draftsmen, it will be specially valuable; to amateur photographers it will be full of interest. It is illustrated where needed and carefully indexed, making it a handy little manual. - Architects and Builders Magazine, Volume 37 This useful little book describes the various processes for reproducing drawings. All of the well-known methods are explained, and formula? given for the various processes. Samples or prints are shown, and directions are given for preparing of the paper and for printing and fixing a plan of a suitable laboratory in which this work may be carried out is offered. - Electrical Review, Volume 46 The character of the book may be well judged from the title, and it is intended to serve not only draftsmen who are using these processes every day in the reproduction of tracings and drawings, but also amateur photographers. Many processes of reproduction are described very fully, and the book should be a source of much information on this particular subject. - Power, Volume XXV.
