Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This publication, Army Techniques Publication ATP 3-21.11 SBCT Infantry Rifle Company February 2016, discusses the techniques used by the Infantry rifle company while conducting missions. These are techniques and are not prescriptive. Mission, enemy, terrain and weather, troops and support available, time available, and civil considerations (METT-TC) condition will dictate how the company commander accomplishes his tasks. This manual provides the commander and his subordinates with an array of methods that can be used or modified. ATP 3-21.11 has eight chapters and one appendix. The chapters consist of an organizational chapter and a chapter on offense, defense, and stability operations. Throughout the chapters, tactical enabling operations are included in the discussions. The chapters and the appendix use examples and illustrations to show techniques that can be used. Doctrine is included only to the extent of understanding the context and relationships between techniques. This manual incorporates the significant changes in Army doctrinal terminology, concepts, constructs, and proven tactics developed during recent operations. Chapter 1 Organization addresses the organizational characteristics of the SBCT Infantry rifle company as...
